## Theme Analysis Practice Quiz Semester 3 Theory (MUSC 2101)

Following are timelines and scores for four themes from classical sonatas. You will hear all of these passages twice. For all four passages, provide a formal analysis on the timelines below. Label the *overall form* (sentence, period, hybrid, compound period), the constituent *phrases* (presentation, continuation, antecedent, consequent, compound basic idea, etc.), the *sub-phrase units* (basic idea, contrasting idea), keys, harmonic functional zone (T/S/D), and cadences (HC, PAC, IAC). Then on the score, label each new chord with appropriate Roman numerals and figured-bass symbols.
